# Girgarre Primary School and the Picasso Cow

**Girgarre Primary is participating in the Picasso Cow Dairy Industry project, with a unit of work based around 'Paddock to the Plate'. This will include designing and painting our new cow, which is still in bubble wrap!**

Girgarre Primary was also privileged to have Vince, from Bakers Delight Kyabram, come to assist the children create their own pizzas at the school. Vince supplied all the product and the knowledge. Yes, they were delicious! Tuesday we head to the invaluable Rochester Lions Farm Safety Day to learn about staying safe on farms.

Our students are also lucky enough to be travelling to Melbourne to witness the musical, 'Charlie and the Chocolate Factory', in a week's time. A big day out but so enthralling.

Currently our school is going through the school review, a four yearly event that gives us direction for the future as well as celebrating our many achievements. It is a rigorous procedure and gives the school community the opportunity to reflect on our practices.

Our Junior School Council recently ran a Pyjama Day to raise funds for displaced children.

Currently our Parent's Club is running a sock drive with a range of highly colourful socks up for grabs....only \$4 a pair for little feet, or \$4.50 for larger tootsies...a bargain!

**Girgarre PS's Picasso Cow - still under wraps - bubble wrap!**
